Samurai Psychology

Samurai Psychology is a Psychology based on both the Samurai and Ninja. The 4 simple constructs are Yin, Yang, Alpha and Omega. The Relationship's are Power and Labour, where Master "IS" Slave, *Power "IS" Labour.*

If there is a healthy natural Imbalance, an Equal and Opposite Imbalance is needed to Fill the Emptiness. Opposites attract greatest when they balance.

Yang - Male - Alpha - Left Brain

Alpha Alpha's are Competitive by nature.

Alpha Alphas compete against other Alpha Alpha's for the Omegas.

All Alpha's Protect and Cooperate with Omega's.

Alpha Beta's are Weak Alpha's, and do what they are told by the Alpha Alpha and Stronger Alpha Beta's.

There can only be One Alpha Alpha at the top for Peace within the Alpha's Social Structure (A.S.S.)

Detachment, Ego and Fear (Competition)

Power Attacks Power and Desires Labour

The 4 Male Alpha Types.

Alpha Alpha - Jesse Ventura, Gordon Ramsay, Alexander The Great

Alpha Omega - Howard Stern, Bruce Lee

Omega Alpha - Joe Rogan, Alex Jones, Genghis Khan

Omega Omega - David Icke, Chuck Norris, Jesus Christ

Yin - Female - Omega - Right Brain

Omega's cooperate with other Omegas and control the Alpha's they serve.

Omega Beta's are Weaker or Younger Omegas.

Omega Beta's Mature into Omega's and cooperate with other Omega's.

There can be many Omega's together for Peace within the Omega Social Structure (O.S.S.)

Empathy, Oneness and Love (Corroperation)

Labour Defends Labour and Desires Power

The 4 Female Omega Types.

Omega Omega - Jane Addams

Omega Alpha - Cleopatra

Alpha Omega - Joan of Arc

Alpha Alpha - Margaret Thatcher

Omegas Serve while Alphas Protect, in Balance they serve and protect each other.

Omega is Inside, Alpha is Outside. Alpha is the hard skin to protecting it's Soft Heart the

Omega, without Omega, Alpha suffers. Alpha's Defend all Omega's. As Omega's

Receive they Share, as Alphas Share they Receive.

The Omega Balances the Alpha. Alpha's go crazy till they have Omega's to bring their Power into focus. Without the Slave Controlling Master the Master is Powerless. Power is only as great as the Labour that controls it.

Omegas do not Attack they Defend. Omega's Defend the Underdog more than themselves. Never stand between a Mother Bear and her cubs. Omegas will Defend their Labour from Attack. Alphas will Defend their Labour from Attack. Alphas Do Not Attack Omegas. Men do not Harm Woman unless it's Illness. Illness attacks people through people and Love Heals people through people.

Softest Male (Alpha Omega Omega's) are about Empathy, Oneness and Love. They welcome Suggestions not Orders. Because their Cooperation Based, their non competitive. These males do not want to be followed as they are Omega, and they do not want to be Lead as they are Alpha, they want to Live and let Live.

Softest Female (Omega Omega Omega's) are the Softest of Omegas and are Maternal and Feminine, they Desire Power and Defend Labour.

Strongest Male (Alpha Alpha Alpha's) are the Strongest of Alphas and are Paternal and Masculine, they Desire Labour and Attack Power.

The Arrow's direction is the "Sex Type, and the length is the "Frequency", the greater the Arrow the greater the "Frequency". Yin and Yang are the Intensity of the sex, the greater the imbalance, the greater the "Intensity" of the experience.

Below - Yin and Yang are in Balance, this is Asexual. There is no Sexual arrow, so no Attracting Sex Type. There is no Attraction for Alpha or Omega. Power and Labour are Balanced. Yin and Yang are Asleep. To be Asleep.

Below - Yang is becoming greater than Yin. The Arrow's Sexual Direction is from Alpha towards Omega. The Sexual intensity where Power is Greater than it's Labour. Power needs Greater Labour to Balance it. Yang Seeks Yin to Teach. To Teach.

Below - Yang is becoming greater yet. As Power becomes Greater than it's Labour, Power needs Greater Labour to Balance it. Sexual intensity develops further. As Alpha Desires Omega, Yang Seeks Yin to Train. To Train.

Chapter 1. In the Beginning

Once upon a time, *there was time...*

and for the first time in time, energy and matter existed, leaving invisible trails of dark matter in their wake of existence. *Where did the time go? It went into the past.*

The past was written into the dark matter.

Living Space was running out of itself as the dark matter grew and grew. Without '*the time*' nothing could exist, and all physical experience in the early universe would end.

...

Baby black holes would devour countless stars. The energy they ate was sometimes greater than their little cosmic bellies could embrace. From the north and south poles of these black holes, were blazing currents of light that would shine brighter than anything else in the early universe.

Dark energy gushed out of these powerful bright jet streams.

It was this dark energy, created from these black holes, that helped the early universe to expand, pushing newborn swirling galaxy's away from one another, as their titanic '*time*' flooded the early universe and created, *experience...*

...but there was no living awareness to experience these experience's.

"Experience of Experience is Existence"

...

The Great Spirit began to possess matter 'as life', on the baby planets, in the budding puddles and oceans, as single celled plants and bacteria.

This simple form of life experienced only the 'Now'. There was no past, no future, only the now existed in the experience. The Great Spirit was only...Aware.

“Experience of Existence is Awareness”

...

Out of this microscopic food chain of simple Awareness, developed a new form of life called animal. Living inside of the animal existed the same ecosystem of awareness's as bacteria and antibodies, but in the animal existed a higher sense of Awareness.

“Experience of Awareness's is Consciousness”

...

In some animals evolved a higher level of Consciousness. In these animals it was believed felt happiness and love towards each other and collectively felt themselves as one. Perhaps it was the bees who first felt this Ultimate Love of one another. It was these animals who experienced Oneness.

“Experience of Consciousness's is Oneness”

...

***As animals had living experiences exist inside of themselves,
planets would have living experiences exist inside of themselves.***

“Experience of Oneness's is Lucifer”

Planetary Experience

...

Lucifers would develop symptoms of disease when things were out of balance. Animals that had conquered nature and developed great knowledge, began to feed off of their host planet, and instead of behaving like a good antibody inside of a living animal, they behaved like virus and would feed off of the planet until there was nothing left. *Lucifer's* would try to stop these '*infections*' from spreading inside of '*Themselves*' by using *disease, fires, famines or floods*.

Sadly some of the animals who only ever developed Consciousness were able to break free of their host planet. It was these *Self* driven animals that from the bigger picture, acted like a *virus* in the universe. They would infected and enslaved all of the worlds they discovered. It was these creatures who always brought *hellfire, furry, grief and suffering*. These were the destroyers of worlds, and therefore, the destroyers of the Great Spirit's Experience's.

The infection of the “Self” had to be contained in the universe.

Happily there were other animals who had developed Oneness with Love. These creatures spread life in the universe, and like a healthy antibody, *removed or healed the infection of Self's disastrous rule on their host planet*, or in the cosmos.

Over time more planets developed and orbited suns, while galaxies formed and orbited black holes. Universe beyond universe, beyond space, beyond time, beyond all that could ever have been imagined, was the Greatest Experience of all...*The Experience of all Experience's, The Great Spirit*.

***The Great Spirit experienced Love and Fear, Pain and Pleasure,
and experienced our universe through our eyes, ears and other senses.***

"Experience of all Experience is God Consciousness"

...

***If Meaning means to "Exist" and everything that Exists has Meaning.
If the meaning of life is life's Meaning the meaning of Life is "Life".***

The Great Spirits Greatest Gift

Decay your loneliness, by making full use of my greatest gift to mankind, which is mankind.

Feel my alleged absence, as proof, for the paradox that I exist and have always existed.

Let me in by letting me out.

...

Dark Energy

*Lonely Existence,
a space varying abysses,
composed from a nugget,
forced from the gravity's of black suns,
creates the illusion of a light quicker than light.*

*Candles Ray fixed in a space and a time,
gliding with edges of edgeless endless emptiness,
In a blazing vacuum, going nowhere, never encounter.*

*Seas rippling with infinite waves inside of countless oceans.
Raging dusts twist slowly to the ancient rhythms of a chaotic harmony so hollow,
that timeless silvery echoes chatter to themselves.*

*Linear Circles broken with a Cosmic Tangent,
the paradox invents it's reality,
change is it's root.*

Myths describing a science and art, Myths explaining a scripture.

while Artists in ivory smocks depict with limited senses,
the abstract divinity so simple,
with feel, sound, sight, smell and taste,
subtracting the senses for a greater description of Myth,
a harmony discovered with DMT.*

The Anguish of Forgiveness

Love fear and all of the feelings spored are what create this reality.

These are the cause and effect of compassion and true forgiveness.

Ask for my help in walking through the anguish of forgiveness.

*Do everything in your power to learn to forgive the ones who were sick and hurt you,
not for just them, but for others as well as yourself.*

*Never give up the hope that someday your ex-suffering will be able to help the ones
who were sick and hurt you, as well as those who suffered like you.*

String Theory with Fractal Binary

Fractal Binary is a type of physics mathematics that uses waves in performing its calculations, it can also be used to describe string theory. Frequency Bits, (Numbers), are generated as positive and negative Wave Sets. These Wave Sets are then added and subtracted together **'at the same time'**.

'Many Math Calculations' occur inside of a 'Single Calculation'

...

- WAVES FROM Pi -

Below is the Mi Wavelength, it is created from Pi and the First Wavelength there is...

It's Frequency is One, the Fundamental Frequency...

The Mi Wavelength

$$\pi = \lambda, f = \frac{\lambda}{\pi}$$

$$\pi = \frac{0}{0} \mathbf{1} \frac{0}{0} \mathbf{1} \frac{0}{0} \mathbf{1} \frac{0}{0} \mathbf{1} \frac{0}{0} \mathbf{1}$$

The Ashes Mi Method for creating Physical Wave / Frequency Bit Set's

Deffinition of symbols

1. T^{λ} = The Number we want to Convert to a Wave / Frequency Bit Set T^{λ}
2. s^{λ} = Total Physical Wave Sequences $s^{\lambda} = \left(T^{\lambda} = \frac{T^{\lambda}}{2} \right) \rightarrow 1$
3. $L^{\lambda'}$ = Total Low Wave Potential $L^{\lambda'} = 2^{s^{\lambda} - \lambda}$
4. H^{λ} = Total High Physical Wave $H^{\lambda} = (T^{\lambda} - L^{\lambda'})2$
5. L^{λ} = Total Low Physical Wave $L^{\lambda} = T^{\lambda} - H^{\lambda}$
6. $L^{\lambda} f$ = Total Low Physical Frequency $L^{\lambda} f = L^{\lambda'}$
7. $H^{\lambda} f$ = Total High Physical Frequency $H^{\lambda} f = (L^{\lambda} f)2$

Example Problem

Problem a.

Convert Number 17 to a (Physical Wave / Frequency Bit Set) λ fb

$$\lambda \text{ fb} = \frac{L^{\lambda}}{L^{\lambda} f} + \frac{H^{\lambda}}{H^{\lambda} f}$$

Example Solution

Solution a.

Step 1. Physical Number is equal to physical wave

$$T^{\lambda} = 17^{\lambda}$$

Step 2. Keep breaking (Total Physical Wave) in half until you reach 1. s^{λ} = Total sequences of physical waves to the Low Wave Bit Set.

$$s^{\lambda} = \left(T^{\lambda} = \frac{T^{\lambda}}{2} \right) \rightarrow 1$$

$$1^{\lambda} = \left(17^{\lambda} = \frac{17^{\lambda}}{2} \right) \rightarrow 1$$

$$2^{\lambda} = \left(8^{\lambda} = \frac{8^{\lambda}}{2} \right) \rightarrow 1$$

$$3^{\lambda} = \left(4^{\lambda} = \frac{4^{\lambda}}{2} \right) \rightarrow 1$$

$$4^{\lambda} = \left(2^{\lambda} = \frac{2^{\lambda}}{2} \right) \rightarrow 1$$

$$5^{\lambda} = \left(1^{\lambda} = \frac{1^{\lambda}}{2} \right) \rightarrow 1$$

Step 3. Find the (Total Low Wave Potential) = $L \lambda'$

$$L \lambda' = 2^{5 \lambda - \lambda}$$

$$L \lambda' = 2^{4 \lambda}$$

$$L \lambda' = 4^{3 \lambda}$$

$$L \lambda' = 8^{2 \lambda}$$

$$L \lambda' = 16 \lambda = 16 \lambda'$$

Step 4. Find the (Total High Physical Wave) = $H \lambda = (T \lambda - L \lambda')^2$

$$H \lambda = (T \lambda - L \lambda')^2$$

$$H \lambda = (17 \lambda - 16 \lambda')^2$$

$$H \lambda = (1 \lambda)^2$$

$$H \lambda = 2 \lambda$$

First Condition $L \lambda' \rightarrow H \lambda, L \lambda \rightarrow 0$

If High Physical Wave = 0, then Low Wave Potential becomes High Physical Wave and Low Physical Wave Becomes 0.

Step 5. Find the (Total Low Physical Wave) = $L \lambda = T \lambda - H \lambda$

$$L \lambda = T \lambda - H \lambda$$

$$L \lambda = 17 \lambda - 2 \lambda$$

$$L \lambda = 15 \lambda$$

Step 6. Find the (Total Low Physical Frequency) = $L f = L \lambda'$

$$L f = L \lambda'$$

$$L f = 16 f$$

Step 7. Find the (Total High Physical Frequency) = $H f = (L f)^2$

$$H f = (L f)^2$$

$$H f = (16 f)^2$$

$$H f = 32 f$$

Step 8. Fill up Physical High Low Wave / Frequency

$$fb = \frac{L \lambda}{L f} + \frac{H \lambda}{H f}$$

$$17 fb = \frac{15 \lambda}{16 f} + \frac{2 \lambda}{32 f}$$

$$17 fb = \frac{1 \lambda}{16 f} + \frac{1 \lambda}{32 f} + \frac{1 \lambda}{32 f}$$

Solution

Our Physical Wave Bit Set is Now Generated from the Number 17. Our Wave / Frequency Bit Set 17 is converted to 15 Low Waves over 16 Low Frequency in the Low Range and 2 High Waves over 32 Frequency in the High Range.
